SKILLS

Programming: Python, SQL, JavaScript, HTML/CSS

Data & Machine Learning: Pandas, NumPy, Matplotlib, Scikit-learn, OpenCV

Developer Tools: Git, GitHub, React.js

EDUCATION

- **Bachelor's Degree – Data Analysis & Artificial Intelligence**
Sep 2024 – Jul 2026
Faculty of Sciences – Agadir, Morocco
- **Deup – Computer Engineering**
Sep 2022 – Jul 2024
Polydisciplinary Faculty – Taroudant, Morocco

CERTIFICATION

- **Data Science Essentials With Python**
August 2026
Cisco

LANGUAGES

Arabic	Native language
French	Fluent
English	Fluent

About Me

Junior Data Analyst & AI/ML Developer proficient in Python, data analysis, Machine Learning and data visualization.

- **Data & Analytics** : Experience in exploratory analysis (EDA), data cleaning, transformation and manipulation to extract actionable insights.
- **Machine Learning** : Skilled in ML pipeline design, feature engineering and development of classification and computer vision models with Scikit-learn, PyTorch, OpenCV and MediaPipe.
- **Development & Deployment** : Capable of developing responsive web applications and interfaces with React and Tailwind CSS to integrate and enhance data and AI solutions.

Projects

- **Hand Gesture Classifier & Mouse Control** | Github ↗
Python, MediaPipe, OpenCV, Scikit-learn, PyAutoGUI
 - Design of a real-time computer vision system enabling control of the cursor and mouse clicks using hand gestures.
 - Development of a complete image processing pipeline for hand detection and 2D/3D landmark extraction with MediaPipe.
 - Training and evaluation of a classification model with Scikit-learn to recognize different gestures with low latency.
- **Data Analysis & Exploration Portfolio** | GitHub ↗
Python, Pandas, NumPy, Matplotlib, Seaborn
 - A collection of more than 16 personal projects in data analysis and exploration.
 - Performing exploratory analysis (EDA), data cleaning, data transformation and feature engineering on various datasets.
 - Creation of visualizations and summary reports to identify trends, correlations and key indicators to facilitate interpretation and decision-making.
